

COAL RIDGE CHURCH WEDDING POLICY

Congratulations! Your wedding is an exciting and joyful event. We realize this is a very important day for you.

Aside from the historic, country charm, one of the many benefits of having your wedding at Coal Ridge is the new addition. We are elated that our renovation included a bathroom, coffee bar area with sink, and a closet room. Now there is more space for the bride and groom to have modern comforts in an old fashioned setting.

It is our desire that you will find Coal Ridge Church a spiritual and meaningful place. Keeping that in mind, there are people who donate resources and volunteer time to maintain the church. We ask that you respect this restored, preserved, historic place and take care and responsibility for leaving it in the condition upon which you found it.

Please read the following policy and feel free to contact any of our committee members @ Friends of Coal Ridge Facebook page. We will be happy to help or answer any questions you might have.

Your security deposit will be returned to you pending no undo repairs or damage are incurred.
